Appointments are not needed at any location if you only want a flu shot

- Full and part time employees with and without the City's health insurance are eligible for health screenings
- Fasting is recommended; cholesterol results are adjusted if you eat before your appointment
- Screenings are not performed by City employees; aggregate results guide future programs.
- Eligibility for insurance or employee contribution rates are not affected by participation.
- Employees without the City's health insurance cannot get flu shots at the clinics listed above. They should call the Occupational Safety and Health Clinic at 645-0023 to get vaccinated.
- Gift cards are subject to tax
